# Internship Work Report

Name: LEKKALA NEHAL

Position: Graphic Designer

Department: Creative & Marketing Team

Company: Engiversee

Internship Period: February 2025 – July 2025

Reporting To: V. Raghavendra

## Objectives

- Design engaging visuals aligned with the brand's identity.
- Support the marketing and development team through creative assets.
- Contribute to digital content creation including posters, social media graphics, and UI assets
- Enhance visual communication strategies for better audience engagement.

## Key Activities and Contributions

### 1. Creative Asset Design

- Designed digital posters, banners, and brochures for company events and campaigns.
- Created branding elements like logos, icons, and infographics.
- Developed promotional content for Instagram, LinkedIn, and other platforms.

### 2. UI/UX Design Support

- Provided mockups and UI elements for website and mobile app interfaces.
- Collaborated with frontend developers to ensure consistency in visual layout.
- Suggested improvements for user-friendly design and aesthetics.

### 3. Team Collaboration

- Worked closely with the marketing and development teams for content alignment.
- Participated in brainstorming sessions and content planning.
- Incorporated feedback effectively to refine visual outputs.

### 4. Tools and Platforms Used

- Canva: For posters, reels, and quick turnarounds.
- Figma: For UI designs and component layout.
- Photoshop/Illustrator : For detailed edits and vector designs.
- Trello/Google Drive: For task tracking and collaboration.

## Achievements and Outcomes

- **Enhanced Brand Visibility:** Created eye-catching designs that increased engagement across platforms.
- **Event Success:** Contributed key visuals that boosted participation in internal and external events.
- **Creative Growth:** Learned to adapt designs for different formats, themes, and target audiences.
- **Efficient Workflow:** Delivered high-quality designs under tight deadlines.

Technical Skills

- **Design Tools:** Canva, Figma, Adobe Photoshop (if used)
- **Creativity:** Visual storytelling, layout design, color theory, typography
- **Soft Skills:** Communication, feedback incorporation, time management
- **Collaboration:** Cross-functional teamwork with developers and marketing team

Summary of Work Done

| Task/Project         | Description                                                            |
|----------------------|------------------------------------------------------------------------|
| Poster Design        | Created digital posters for events, internships, and announcements.    |
| Social Media Content | Designed Instagram and LinkedIn posts, stories, and carousel graphics. |
| UI/UX Support        | Developed design components for app/web mockups in Figma.              |
| Branding Projects    | Assisted in logo and visual identity creation for sub-projects.        |
| Team Coordination    | Shared updates, attended review meetings, and made iterative changes.  |

Challenges and Solutions

- **Design Revisions:** Handled multiple feedback loops by maintaining editable design systems.
- **Content-Visual Balance:** Ensured that designs were informative without overwhelming viewers.
- **Tool Familiarity:** Quickly adapted to team’s preferred design tools and file formats.

Conclusion

My5-month internship as a Graphic Designer at Engiversee was a highly enriching experience. I improvedmy visual design skills, worked in a collaborative environment, and contributed meaningfully to the company’s creative outputs. This internship helped me grow professionally in both creativity and communication.
